## 因为专注，所以专业

YIXINCHENG ELECTRICAL APPLIANCES CO., LTD.

**Ningbo Yixincheng Electrical Appliances Co.,Ltd** located in Ningbo, Zhejiang Province, is one of the leading professional suppliers majoring in all kinds solar lights in China. Our company covers an area of 20000 square meters. We have over 1200 employees, including 30 senior engineers.

We specialize in plastic solar light, copper solar light, stainless steel solar light, aluminum solar light, etc. We introduce new technology, new light source, new material to produce solar lamp, it uses high quality single crystal silicon (or polycrystalline silicon) solar panel, advanced rechargeable system, and rechargeable battery and integrated light controlled system, as well as long life and high brightness new light source. We are certified by the ISO9001, CE, GS, ROHS, and have authority to deal with import and export directly. We have a capacity of making 100,000 solar lamps per day.

Our quality policy is satisfactory products and service for customers. We are dedicated to green illuminative products design, development and production. As you can see, Ningbo Yixincheng Electrical Appliances Co., Ltd. is committed to providing the highest quality solar lights. So you're welcome to contact us for any information you feel interested in, to discover real profit potential for your company! We hope to cooperate with friends home and abroad for a glorious future.
